

No. _____

IN THE
Supreme Court of the United States

Jeffrey T. Maehr,

Petitioner

v.

John Koskinen, Commissioner of Internal Revenue; et al

Respondents

On Petition for a Writ of Certiorari
The United States Court of Appeals
For the Tenth Circuit

Jeffrey T. Maehr
924 E. Stollsteimer Rd.,
Pagosa Springs, Colorado 81147
(970) 731-9724

Petitioner, Jeffrey T. Maehr, requests from this court Findings of Fact and Conclusions of Law⁽¹⁾ regarding the DENIAL to proceed as a Veteran without cost to defend his rights and property in this court. Petitioner is clearly a Veteran, disabled at that, and was GRANTED “In Forma Pauperis” applications in both the Colorado District Court, and 10th Circuit Appeals Court, and he needs to understand the grounds for the DENIAL so that he can know how to proceed, such as in filing a Motion For Leave to Proceed In Forma Pauperis, (attached) or whether he has been denied any chance of defending life and property due to poverty.

In denying Petitioner to proceed without cost, this court effectively bars Petitioner from due process of law, and is upholding criminal and unconstitutional activities by the Executive Branch of Government (IRS) against millions of Americans. By failing to adjudicate the proven issues in the record, this court is in violation of 18 & 42 U.S.C., having been NOTICED of criminal activities, and effectively makes moot dozens of past Supreme Court cases on the issues at hand and allows this egregious government action to proceed unchecked and un-adjudicated. It also presents prima facie evidence of collusion between the allegedly independent government branches to continue to suppress a fraud on the American People.

Petitioner moves this court to finally address the facts of record and GRANT motion to proceed, and GRANT Certiorari to adjudicate this major constitutional and law challenge which has gone unrebutted for many decades .

Respectfully submitted,

Jeffrey T. Maehr

CC: President Donald Trump (Executive Branch)
U.S. Attorney General Jeff Sessions (Judicial Branch)
Congressman Trey Gowdy (Legislative Branch)

RE: IRS/Court Collusion and Constructive Fraud

Dear Congressman Gowdy,

I am writing to you in a last desperate attempt (under NOTICE via Title 18 & 42 U.S.C.) to be heard and to get attention to an ongoing IRS fraud against millions of Americans being covered up by the courts, including the U.S. Supreme Court. You have demonstrated over and over again your tenacity to dig into corruption and hold government actors accountable, and that is what is needed here. The swamp is being protected and needs to be exposed to America.

The short of the story is that for over 14 years I have been requesting answers from the IRS to clear conflicts between its actions, and what the original U.S. Supreme Court stare decisis, and Congressional intent established regarding "income" taxation of Americans. The IRS and courts are routinely denying adjudication of the established evidence, which is a coverup of this fraud.

The IRS attacked all of my social security, (taking every penny for 15 months now as of April 1, 2017) attacked my Veteran's Disability Compensation with the help of Wells Fargo Bank (which is now remanded back to the District Court by the 10th Circuit, and Marshall service has been completed), and attacked all my part time web business through which a fraudulent assessment was made on business funds and expenses as "all income" which is routine IRS procedure for Americans similarly situated.

Every past court I have brought suit against the IRS in over the last 3-4 years (now about 12 cases including twice to the U.S. Supreme Court) has effectively denied my due process rights. I recently filed in the U.S. Supreme Court under Motion for leave to file as a Veteran without costs (Rule 40), as I'm being stripped of my life and property every month by an illegal levy based on provably fraudulent assessments, as are thousands of other Americans, not to mention millions subjected to a tax on their wages which is both illegally being applied and which is unconstitutional, despite conventional "wisdom."

The Supreme Court DENIED my motion to proceed without cost despite both the District Court in Colorado, and 10th Circuit Court of Appeals both GRANTING my motion to proceed without cost. This is convincing evidence that this information and case precedent and Congressional evidence is being collusively suppressed by several branches of government, allegedly independent, and is a form of ongoing RICO violations against Americans.

Please see my attached filing in response to the DENIAL by the Supreme Court which is going to a number of listed parties, and obtain my filed suit for review here...

<http://foundationfortruthinlaw.org/Files/11-IRS-Documents/Koskinen-IRS-U.S.-Supreme-Court->

Writ-of-Certiorari-Complete-2-22-17-2.pdf , and please at least review this for yourself as a professional in the law and the constitution. The resistance to this information is staggering and yet it could free millions of Americans and begin to help reign in out-of-control government at the same time if it would only be addressed and exposed. Will you help to do this?

I can't tell you how disappointing government leadership and the courts have been over the years in not wanting to stop corruption and reign in ongoing fraud and collusion. The evidence is straightforward, yet the IRS and courts will not even allow the evidence to be addressed or reviewed, or rebuttal to be required from the IRS. If it is lawful activity, why is there no response with evidence in fact to refute the standing case precedent and original intent of record?

If I am wrong in these issues, (along with millions of others who already have escaped the fraud), and those X-IRS agents, and attorney and other expert pioneers who blazed the paper trail in research which I have assembled are wrong... then why won't those being challenged provide the simple evidence to finally refute what they call "frivolous" yet without rebuttal or the court's clear findings and conclusions on these subjects? Longstanding cases which have been brought to light due to the Internet and computers can't continue to be ignored without serious ramifications to our Republic and way of life.

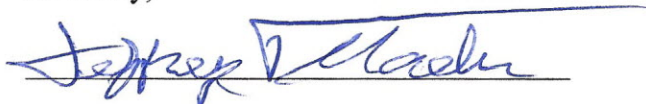

If our elected representatives and courts will not defend the People, even on such game-changing issues, then the swamp will never be drained and America will never be great again, and can expect God's judgment upon such leadership. Will you simply review the evidence as a constitutional and legal expert, and then provide your rebuttal if you disagree with the case precedent conclusions to at least help me to see where I, and hundreds of thousands of others learning about this, are wrong, and publically quiet this ongoing controversy once and for all?

If you see the simple truth, will you work to present this for Congressional hearings from the experts and convene a Federal Grand Jury to review the evidence, and especially reveal it to the court of public opinion so that you and those (few) true patriots left in our government who want the People's support can finally get things done with authority and power?

It will be impossible for me to sustain my living without family and friends financial support, especially since my social security will be taken for the rest of my life to satisfy a fraudulent and unlawful assessment on what is provably not lawful income, as is happening to thousands or millions of other Americans similarly situated, you can be sure. I cannot possibly afford \$503...

I appreciate any attention you can place on this topic, at least for the American People's sake.

Sincerely,

Dear Mr. President,

I am providing a copy of my letter to Congressman Trey Gowdy on denial of due process in the lower courts and now in the Supreme Court (<https://www.supremecourt.gov/search.aspx?filename=/docketfiles/16m99.htm>) on the IRS suit I provided you copy of dated 2-21-17 under NOTICE via Title 18 & 42 U.S.C... (<http://foundationfortruthinlaw.org/Files/11-IRS-Documents/Koskinen-IRS-U.S.-Supreme-Court-Writ-of-Certiorari-Complete-2-22-17-2.pdf>).

This is being suppressed at every level including now at the Supreme Court and unless you and others intervene, millions of Americans will continue to be fleeced and cheated out of their livelihood and this IRS fraud on multiple levels will go unchecked and unrebuted.

Please take stock of the evidence and step in to work with others to expose this to your supporters across America. You promised in your campaign speeches to “Drain the Swamp” in D.C. You’ve taken a few affective steps to do that already, but this would be one of the most effective, powerful and uniting steps for Americans you could take to help drain the corrupted swamp and show Americans far more your sincere intentions to make their lives better and follow that mandate 50 million of us gave you at the election.

Mr. President, we have corruptive collusion between branches of government that are allegedly to be independent protectors of the American people. This IRS fraud is being covered up and continually suppressed when it should be addressed honestly and openly if there truly is law and constitutional authority to be doing what they are. How will America every be great again when we have such government and court fraud and collusion, and failure to provide due process of law on these issues for all Americans?

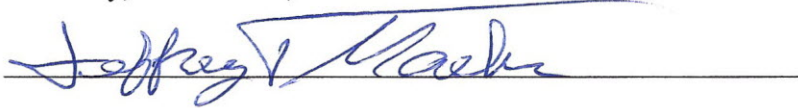

Millions of people are being held hostage by the IRS, under multiple avenues, apart from original intent of Congress and even the Supreme Court. Clear lawful and constitutional parameters are being violated, and no one in government seems to care about this. This will be impossible to keep hidden, as this information, collected from thousands of pages of public documents and sources, is being exposed across the internet.

Millions are waking up to this fraud simply because of the plain evidence of record that Americans and our government have forgotten over the decades. What will Americans do when millions more learn of the ongoing financial fraud that is consistently covered up by government actors and the courts, and has been damaging them for decades?

If the law and constitution, and original case precedent and Congressional testimony supports the IRS' and court's actions, then let this evidence be heard. To do otherwise will mean that this Republic has fallen to tyranny and lawlessness, due process of law is dead, and we can expect that God will act where our elected leaders and public servants fail to act righteously, and it won't be pretty.

Will you take this bold step and at least let the issues be heard and discussed publically?

Sincerely, and in truth,

Dear Mr. Sessions,

I am copying you on a contact letter to Congressman Tray Gowdy and copy to President Trump regarding ongoing IRS fraud under NOTICE via Title 18 & 42 U.S.C. Please review this letter and referenced evidence in a suit before the Supreme Court which is being denied and suppressed.

America is doomed if we ignore standing U.S. Supreme Court case precedent on the issues in controversy and do not attempt to drain the swamp of unconstitutional and illegal IRS actions against Americans.

I appreciate any attention you can place on this topic, for the American People's sake.

Sincerely,

You, along with Congressman Gowdy, have shown your sincere interest in addressing the government corruption we can all see, and this IRS ongoing collusive scam is a large piece of it. This is being suppressed at every level including at the Supreme Court and unless you and others intervene, and at least demand from the IRS answers to the clear challenges in the record, millions of Americans will continue to be fleeced and cheated out of their livelihood and this fraud on multiple levels will go unchecked and unrebuted.

Please review the actual case evidence and step in to help drain the swamp and show America your sincere intentions to make their lives better.

Thank you for defending this Republic and Americans.

**NOTICE of Criminal Activity - via Title 18 & 42 U.S.C.**

March 30, 2017

Dear Judge Gorsuch,

I am writing to you after listening to your confirmation hearing and your statements on defending the Rule of Law and constitution and American people. This is regarding the recent DENIAL of my 10th Circuit appeal regarding IRS criminal actions against me and millions of other Americans similarly situated. Despite one element being remanded back to the District Court, the other, more serious issues were left un-adjudicated and are still being ignored and suppressed.

I am providing a link to a copy of my letter to Congressman Trey Gowdy and others. . .  
<http://foundationfortruthinlaw.org/Files/11-IRS-Documents/SupCt-reps-complete-NOTICE.pdf>  
on my recent unfair and unconscionable denial of due process in the Supreme Court . . .  
(<https://www.supremecourt.gov/search.aspx?filename=/docketfiles/16m99.htm>) on the IRS suit I filed regarding ongoing IRS assessment and tax fraud against millions of Americans. . .  
(<http://foundationfortruthinlaw.org/Files/11-IRS-Documents/Koskinen-IRS-U.S.-Supreme-Court-Writ-of-Certiorari-Complete-2-22-17-2.pdf>).

The IRS and courts are essentially calling original Supreme Court case precedent “frivolous” without any rebuttal to the evidence, without and evidence, and are not allowing due process of law to be carried out. The egregious suppression of original intent and the ongoing oppressive actions of the IRS against standing law and evidence is making a mockery of justice and the Rule of Law in America. Have we lost our Republic to collusive criminal elements of an out-of-control government?

You have stated your sincere interest in being true to the law and constitution, and this is an opportunity for you to do just that. I am bringing this to you under Title 18 and 42, as reporting a crime which is being suppressed under collusive actions by the Executive and Judicial branches of government, including now at the Supreme Court. The bias and prejudice against this information can't be more obvious than in the court's flippant disregard for my poverty and being unable to pay the court docket fee or pay to have a professional production printed for the court, despite having been GRANTED such in both the District Court and Appeals Court.

You have the authority to begin an investigation, or at least initiate actions within other agencies, or a Grand Jury, to finally and truthfully investigate the evidence collected from thousands of documents and dozens of IRS tax experts and others over the last several decades and unless you and others intervene, and at least demand from the IRS answers to the clear challenges in the record, millions of Americans will continue to be fleeced and cheated out of their livelihood and this fraud on multiple levels will go unchecked and unrebuted.

Please review the actual case evidence and step in to help President Trump drain the swamp and

show America your sincere intentions to make their lives better.

Thank you for defending this Republic and Americans.
